To Protect Forests.

The Senate Committee on Propositions and Grievances decides to recommend the passage of the bill to protect forests of the State from fire, by appointing township wardens, who look after enforcement of forest protection laws, having power to press into service citizens for fighting fire, who shall be paid 10 cents per hour, no township to get more than \$50 in one year on this account. Wardens are to receive 20 cents per hour for time actually engaged in official duty.

This committee voted an unfavorable report for a bill introduced by Mr. Empey, by request, to prohibit the exhibiting of moving pictures showing larceny, burglary, robbery, murder and felonies.

To Report Other Bills.

The committee is still considering the general fish bill. After an animated, lengthy hearing, the House Committee on Manufactures and Labor voted in executive session to report unfavorably the Hinsdale bill prohibiting any child under fourteen to work in any factory, any under sixteen to work from 8 P. M. to 5 A. M., or any woman or minor to work longer than sixty hours a week, and providing for support by the county to any widow dependent upon the work of a child, the child to be compelled to attend school, and for a State inspector of factories, and favorably a substitute offered by the mill men to the inspector section in the shape of an amendment to the present law, empowering the labor commissioner, upon complaint of violations of the law, to delegate the sheriff of the county concerned to make an investigation and have any guilty parties indicted, and providing for semi-annual reports to the labor commissioner by the mills.
